

Marieta Chirulescu
They said so

...Change it.
Not nearly so much.
He had.
She had.
Had she.
He had nearly very nearly as much.
She had very nearly as much as had had.
Had she.
She had.
Loose loosen, Loose listen to listen, to lose.
Many.
If a little if as little if as little as that.
If as little as that, if it is as little as that that is
if it is very nearly all of it, her dear her dear
does not mention a ball at all.
Actually.
As to this.
Actually as to this.
High or do you do it.
Actually as to this high or do you do it.
Not how do you do it.
Actually as to this.
Not having been or not having been nor having been or not
having been.
Interrupted.
All of this makes it unanxiously.
Feel so.
Add to it.
As add to it.
He.
He.
As add to it.
As add to it.
As he
As he as add to it.
He.
As he
Add to it.
Not so far.
Constantly as seen.
Not as far as to mean.
I mean I mean.
Constantly.
As far.
So far.
Forbore.
He forbore.
To forbear.
Their forbears.
Plainly.
In so far.
Instance.
For instance.
In so far.
